

The steps to redeeming complimentary access to the Foundations in AI course as follows:

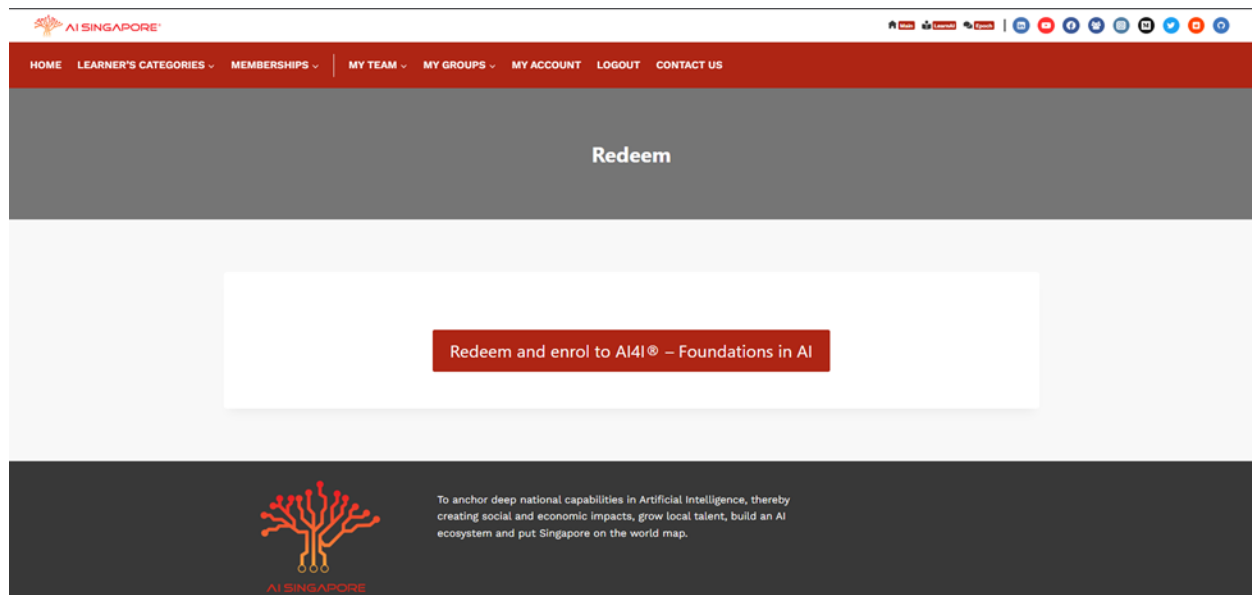

Step 1

Log in to your existing LearnAI account.

Note: Please complete [AI4I® – Literacy in AI](#) as a prerequisite to enrolling in [AI4I® – Foundations in AI](#).

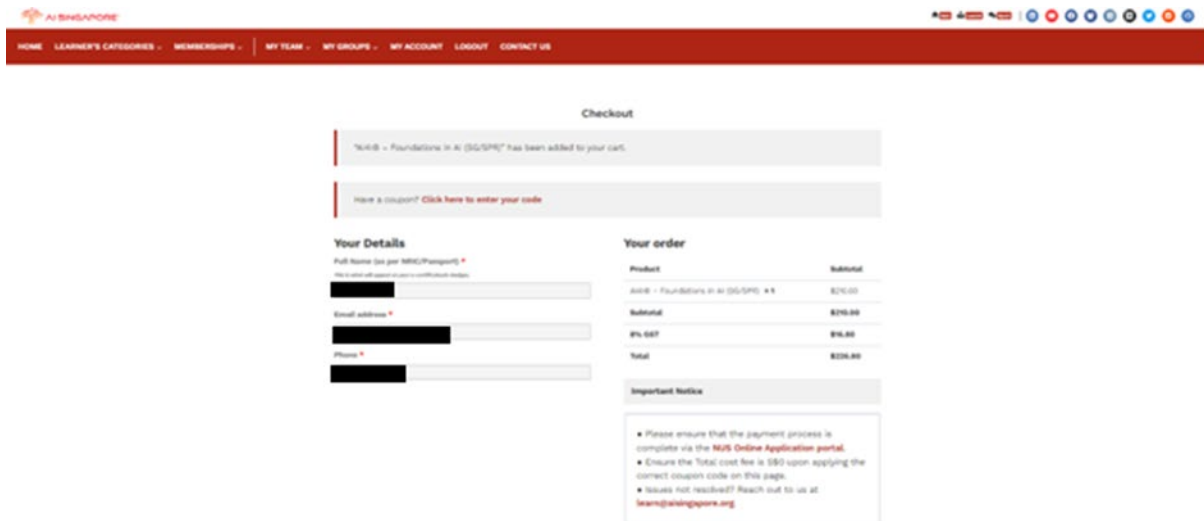

Step 2

Please ensure you are signed in to your LearnAI account to proceed to the coupon code redemption page [here](#). Click on the button “Redeem and enrol to AI4I® – Foundations in AI”.

Step 3

At the checkout page, please use the complimentary coupon code provided to offset the full cost of AI4I® – Foundations in AI. The coupon code is available at the ‘Account Overview page’. Do take note of the coupon code expiry date.

Step 4

Upon applying the coupon code, the amount will be stated as **\$0.00**. Please scroll down to read and accept the terms & conditions and proceed to “Place Order” to complete the order.

Step 5

Once placing the order, an overview of the order is shown. Click on “Go to My Account” to start learning the Foundations in AI course. Do take note that the Foundations in AI content will only be accessible if the pre-requisite course, Literacy in AI is completed.

NOTE: Complimentary access is available to SUG members who are part of an active SUG group and have completed the Literacy in AI course. Please contact your SUG leader for more information.
